4	NA	BBA-CA	CA-103	C Language	2019 pattern	<ul style="list-style-type: none"> • To know the basic database concepts, applications, data models, schemas and instances. • To understand the basics of data storage, data manipulation and data retrieval • To learn basics of data entity relationship and normalization • To learn the basics of SQL and construct queries using SQL in database creation and interaction. • To familiarize with the concept of Relational Database Management system. 	<p>1: Apply the basic concepts of Database Systems and Applications.</p> <p>2: Understand to implement the E R model and relational model</p> <p>3: Build a simple database system using different DML, DQL, DDL commands in SQL</p> <p>4: Learn to apply various Normalization techniques to use Relational Database Management System.</p>
		BBA-CA	CA-104	Database Management System	2019 pattern		

5	NA	BBA-CA	CA-105	Statistics	2019 pattern	<ul style="list-style-type: none"> • To understand role, importance and applications of statistics in business. • To know the main properties of each measure of Central Tendency and select the most appropriate one for use with a given set of data. • To understand measures of Dispersion, Coefficient of Variation & Combined Standard Deviation. • To develop right understanding regarding Regression & Correlation. 	<p>1: Recognize the importance and applications of statistics in business.</p> <p>2: Understand basic role of Central Tendency – Mean, Median, Mode & their features.</p> <p>3: Understand measures of Dispersion, Coefficient of Variation & Combined Standard Deviation.</p> <p>4: Understand Correlation, use of Regression Analysis & estimate the relationship between two variables and its applications.</p>
6	NA	BBA-CA	CA-106	Computer Laboratory Based on 103 & 104 (2 credits each)	2019 pattern		
7	NA	BBA-CA		ADD-On (PPA) (30 Hours)	2019 pattern		
8	NA	BBA-CA	CA-201	Organization Behavior & Human Resource Management	2019 pattern	<p>i) To understand basic concept of HRM & OB</p> <p>ii) To make aware students about traditional & modern methods of procurement & development in organization.</p> <p>iii) To know the major trends in HRM & OB</p>	<p>1: Understand application of organizational behaviour & Human Resource Management</p> <p>2: Understand the role & importance of Human Resource Department in the industry & role of HR manager & its liaison with other departments in the industry.</p> <p>3: Know the process of recruitment & selection takes place in the company & how to face interview confidently.</p> <p>4: Understand changes taking place in the training & development areas.</p>

9	NA						<p>1: To understand objectives and scope of accounting and how accounting concepts and conventions can be implemented in business.</p> <p>2: To understand how to record different financial transactions and their financial implications and ability to prepare basic financial transactions.</p> <p>3: To develop the ability to prepare and present sole proprietorship final accounts.</p> <p>4: Ability to understand growing importance of computers and to know the use of software in preparation of books of accounts.</p>
		BBA-CA	CA-202	Financial Accounting	2019 pattern	<p>i) To develop right understanding regarding role and importance of monetary and financial transactions in business</p> <p>ii) To cultivate right approach towards classifications of different transactions and their implications</p> <p>ii) To develop proficiency preparation of basic financial as to how to write basis accounting statement - Trading and P&L</p>	
10	NA						<p>1: Understand numbers & their operations with Ratio, Proportion, Profit and Loss.</p> <p>2: Develop Mathematical competence for various interest related transactions and other commercial calculations.</p> <p>3: Understand Share and Mutual Fund concepts.</p> <p>4: Understand the Determinants and Matrices in business.</p> <p>5: Understand the concept and application of Linear Programming Problems and Transportation Problems.</p>
		BBA-CA	CA-203	Business Mathematics	2019 pattern	<p>i) To understand role and importance of Mathematics in various business situations and while developing softwares.</p> <p>ii) To develop skills related with basic mathematical technique</p>	

11	NA						<p>1: Ability to understand concepts of Relational Database management system and its implementation</p> <p>2: Knowledge of PL/SQL programming in procedure, function, package, cursor and trigger</p> <p>3: Knowledge of Transaction based recovery system of database</p> <p>4: understand concepts like lock-based recovery system, timestamp-based protocol and Deadlock handling.</p>
		BBA-CA	CA-204	Relational database	2019 pattern	<p>i) Enables students to understand relational database concepts and transaction management concepts in database system.</p> <p>ii) Enables student to write PL/SQL programs that use: procedure, function, package, cursor and trigger.</p>	
12	NA			Web Technology HTML-JS-CSS			<p>1. Ability to understand and develop interne programming using html , java script and other tolls</p>
		BBA-CA	CA-205		2019 pattern	To know & understand concepts of internet programming To understand how to develop web based applications using JavaScript	
13	NA			Computer Laboratory Based on 204 & 205(2 credits each)			
		BBA-CA	CA-206		2019 pattern		
14	NA			ADD-On (Advance C) (30 Hours)			
		BBA-CA	2		2019 pattern		
15	NA						<p>1. The aim of this syllabus is to give knowledge about using digital marketing in and as business.</p> <p>2. To make SWOT analysis, SEO optimization and use of various digital marketing tools.</p>
		BBA-CA	CA-301	Digital Marketing	2019 pattern		<p>1. understand concepts related to Digital Marketing 2. learning of different Search Engine Optimization techniques</p>

16	NA	BBA-CA	CA-302	Data Structure	2019 pattern	<ol style="list-style-type: none"> 1. To understand the concepts of ADTs 2. To learn linear data structures – lists, stacks, and queues 3. To understand sorting, searching and hashing algorithms 4. To apply Tree and Graph structures 	Understand and learn Data structure using C language
17	NA	BBA-CA	CA-303	Software Engineering	2019 pattern	<ol style="list-style-type: none"> 1. To understand System concepts. 2. To understand Software Engineering concepts. 3. To understand the applications of Software Engineering concepts and Design in Software development 	learning different tools and technique of software Engine . understand dataflow diagram , entity relationship diagram and other tools available in software engineering
18	NA	BBA-CA	CA-304	Angular JS	2019 pattern	<ol style="list-style-type: none"> 1. By the end of this course, the students should be able to Understand Client Side MVC and SPA 2. Explore AngularJS Component 3. Develop an AngularJS Single Page Application 4. Create and bind controllers with Javascript 5. Apply filter in AngularJS application 	students will learn use of Angular JS as a coding technique using MVC and SPA , different Filters and other related tools
	NA	BBA-CA	OR		2019 pattern		
19	NA	BBA-CA	CA-304	PHP	2019 pattern	<ol style="list-style-type: none"> 1. Understand how server-side programming works on the web. 2. Using PHP built-in functions and creating custom functions 3. Understanding POST and GET in form submission. 4. How to receive and process form submission data. 5. Read and process data in a MySQL database. 	students will understand PHP build in functions , database connectivity and other tolls and technique

20	NA	BBA-CA	CA-305	Big data	2019 pattern	<p>1. To enable learners to develop expert knowledge and analytical skills in current and developing areas of analysis statistics, and machine learning</p> <p>2. To enable the learner to identify, develop and apply detailed analytical, creative, problem solving skills.</p> <p>3. Provide the learner with a comprehensive platform for career development, innovation and further study.</p>	Ability to develop and learn analytical tools and techniques using statistics and machine learning
	NA	BBA-CA	OR		2019 pattern		
21	NA	BBA-CA	CA-305	Block chain	2019 pattern	<p>By the end of the course, students will be able to</p> <p>1. Understand how blockchain systems (mainly Bitcoin and Ethereum) work,</p> <p>2. To securely interact with them,</p> <p>3. Design, build, and deploy smart contracts and distributed applications,</p> <p>4. Integrate ideas from blockchain technology into their own projects.</p>	Students will learn concept of Block chain system like Bitcon and Ethereum . They will learn security concepts
22	NA	BBA-CA	CA-306	Computer Laboratory Based on 302 , 304 and 305 (2 credits each)	2019 pattern		
23	NA	BBA-CA	3	Environment Awareness	2019 pattern	<p>1) To provide an opportunities to acquire the knowledge, values, attitudes, commitment, and skills needed to protect and improve the environment</p> <p>2) To develop conscious towards a cleaner and better managed environment</p>	

24	NA	BBA-CA	CA-401	Networking	2019 pattern	<ol style="list-style-type: none"> 1. To gain knowledge about Computer Networks concepts. 2. To know about working of networking models, addresses, transmission medias and connectivity devices. 3. To acquire information about network security and cryptography. 	students will gain knowledge about Computer Networks concepts , networking models, addresses, transmission medias and connectivity devices and information about network security and cryptography.
25	NA	BBA-CA	CA-402	Object Oriented Concepts Through CPP	2019 pattern	<ol style="list-style-type: none"> 1. Acquire an understanding of basic object-oriented concepts and the issues involved in effective class design. 2. Enable students to write programs using C++ features like operator overloading, constructor and destructor, inheritance, polymorphism and exception handling. 	Understanding of basic object-oriented concepts . Enable students to write programs using C++ features like operator overloading, constructor and destructor, inheritance, polymorphism and exception handling.
26	NA	BBA-CA	CA-403	Operating System	2019 pattern	<ol style="list-style-type: none"> 1. To know the services provided by Operating System 2. To know the scheduling concept 3. To understand design issues related to memory management and various related algorithms. 4. To understand design issues related to File management and various related algorithms 	Students will learn services provided by Operating System , the scheduling concept , design issues related to memory management and various related algorithms. Understand design issues related to File management and various related algorithms
27	NA	BBA-CA	CA-404	NODE JS	2019 pattern	<ol style="list-style-type: none"> 1. Understand the JavaScript and technical concepts behind Node JS 2. Structure a Node application in modules 3. Understand and use the Event Emitter 4. Understand Buffers, Streams, and Pipes 5. Build a Web Server in Node and understand how it really works 6. Connect to a SQL or Mongo database in Node 	Understand the JavaScript and technical concepts behind Node JS and Structure a Node application in modules. Understand and use the Event Emitter and understand Buffers, Streams, and Pipes , Build a Web Server in Node and understand how it really works
	NA	BBA-CA	OR		2019 pattern		

28	NA	BBA-CA	CA-404	Advance PHP	2019 pattern	1. To know & understand concepts of internet programming. 2. Understand how server-side programming works on the web. 3. Understanding How to use PHP Framework (Joomla / Druple)	understand concepts of internet programming. how server-side programming works on the web. Understanding How to use PHP Framework (Joomla / Druple)
	NA	BBA-CA	OR		2019 pattern		
29	NA	BBA-CA	CA-404	Hadoop	2019 pattern		
30	NA	BBA-CA	CA-405	Project	2019 pattern		
31	NA	BBA-CA	CA-406	Computer Laboratory Based on 402,404 (2 credits each)	2019 pattern		
32	NA	BBA-CA		ADD-On (30 Hours) (J-Query)	2019 pattern		
33	NA	BBA-CA	501	Java Programming	2013 Pattern	1. To learn the basic concept of Java Programming. 2. To understand how to use programming in day to day applications.	
34	NA	BBA-CA	502	Web Technologies	2013 Pattern	1. To know & understand concepts of internet programming. 2. To understand how to develop web based applications using PHP.	
35	NA	BBA-CA	503	Dot Net Programming	2013 Pattern	1. This will introduce visual programming and event driven programming practically. 2. This will enhance applications development skill of the student.	
36	NA	BBA-CA	504	Object Oriented Software Engineering	2013 Pattern	1. To Understand concept of system design using UML. 2. To understand system development through object oriented techniques.	

37	NA	BBA-CA	505	Software Project – I [Based on C++ / VB Technology]	2013 Pattern		
38	NA	BBA-CA	506	Laboratory Course – V [Based on Paper No. 501 & 502]	2013 Pattern		
39	NA	BBA-CA	601	Advanced Web Technologies	2013 Pattern	1. To know & understand concepts of internet programming. 2. To understand the concepts of XML and AJAX.	
40	NA	BBA-CA	602	Advanced Java	2013 Pattern	1. To know the concept of Java Programming. 2. To understand how to use programming in day to day applications. 3. To develop programming logic.	
41	NA	BBA-CA	603	Recent Trends in IT	2013 Pattern	1. To introduce upcoming trends in Information technology. 2. To study Eco friendly software development.	
42	NA	BBA-CA	604	Software Testing	2013 Pattern	1. To know the concept of software testing. 2. To understand how to test bugs in software. 3. To develop programming logic.	
43	NA	BBA-CA	605	Software Project – II [Java / Dot net Technology]	2013 Pattern		
44	NA	BBA-CA	606	Laboratory Course – VI [Based on Paper No. 601 & 602]	2013 Pattern		

Number of subjects/courses offered by the institution across all programs (M.Com.) during the year 2020-21(FY, SY and TY)

Sr. No.	Program code	Program Name	Subject/Course code	Subject/Course Name	Year of introduction	Subject/Course Objective	Subject/Course Outcome
1	NA	M. Com.	101	Management Accounting	2019	<p>1. To enhance the abilities of learners to develop the concept of management accounting and its significance in the business.</p> <p>2. To enhance the abilities of learners to analyze the financial statements.</p> <p>3. To enable the learners to understand, develop and apply the techniques of management accounting in the financial decision making in the business corporates.</p> <p>4. To make the students develop competence with their usage in managerial decision making and control.</p>	<p>Students have acquired knowledge on the concept of Financial Accounting and its limitations, emergence of Management Accounting and Cost Accounting, its advantages and distinction between Management Accounting and Cost Accounting. They have understood the concept of Marginal Costing, its applications, different techniques of managerial cost accounting and Fixed and Variable Cost Analysis in the decision making process. Students have understood the concept of budget and budgetary control, types of budgets and preparation of functional budgets in an organization. They have understood the concept of Working Capital Management, determination of working capital, components of working capital and accounts receivable and inventory management.</p>

2	NA	M. Com.	102	Strategic Management	2019	To introduce the students to the emerging changes in the modern business environment, To develop the analytical , technical and managerial skills of students in the various areas of Business Administration, To empower to students with necessary skill to become effective future managers and leaders and To develop Technical skills among the students for designing and developing effective Functional strategies for growth and sustainability of business	Students understand the concept of Strategic management, process of Strategic Management, the External and Internal Business Environment for effective Strategy formulation. They have understood how to develop Strategic analytical skills, Skills to design an effective Strategic Plan, development of Technical and Analytical abilities for formulation of sound functional Strategy in various areas of business and development of Analytical and Managerial Abilities for critical evaluation
3	NA	M. Com.	103	Advanced Accounting	2019	To lay a theoretical foundation of Accounting & Accounting Standards, To gain ability to solve problems relating to Corporate Accounting.	Students have understood the Advanced Concepts Understanding the Consolidation of Financial Statements of Holding Companies & two Subsidiary Companies. They are able to prepare Statement of Affairs of the Companies in Liquidation In the today's competitive Corporate World to understand the needs and methods of valuation of Goodwill & Shares

4	NA			Income Tax	2019	To gain knowledge of the provisions of Income - tax including Rules pertaining there to, relating to the following topics, To develop ability to calculate taxable Income of 'Individual', 'Hindu Undivided Family' and 'Company' assesses.	Students have understood the basic knowledge of the Income Tax Act. 1961. They have understood the concepts of Heads of Income and to compute the income under each head. To understand the concept of deductions and provisions of Sec. 80C to 80U to Compute the taxable income of an Individual, Hindu Undivided Family and Companies.
		M. Com.	104				
5	NA			Ad. Cost Accounting	2019	<ol style="list-style-type: none"> 1. To prepare learners to understand the Scope of Cost Accounting in any business activity. 2. To learn the Cost Accounting treatment in relation to Material Cost Accounting, employee cost and overheads. 3. To develop the learners to establish the interface between Cost Accounting Standards and the various elements of Cost. 4. To enable students to learn application of different methods of costing in Manufacturing and Service industries. 	Students have understood the classification of costs. They can trace the cost to cost centers and are able to prepare a cost sheet in various situations. They have understood the inventory related treatments in Cost Accounting, the concept of Employee Cost and its relevance in the total cost of product or services. They can relate the CAS 7 to Employee Cost Concepts. They have understood the stages in the process of Accounting of Overheads and CAS 3 in relation to Overheads. They have developed the ability to ascertain cost in different industries.
		M. Com.	107				

6	NA			Costing Technique and Responsibility Accounting	2019	<p>1 To enhance the abilities of learners to develop the concept of Cost and Management Accounting and its significance in the business</p> <p>2 To enable the learners to understand, develop and apply the techniques of costing in the decision making in the corporate world.</p> <p>3 To equip the students with knowledge and skill to design and implement Cost Control through Costing Techniques.</p>	Students have understood the role of Budget in the process of Cost Control and Decision Making, the skills in computation and analysis of various variances. They have understood the concepts of Uniform Costing and Inter firm Comparison, the relevance of Cost Accounting Data as a part of monitoring various segments of business.
7	NA	M. Com.	108			<p>a. To enable the students to acquire knowledge of financial analysis and control tools</p> <p>b. To Make appropriate application and uses of financial analysis and control</p>	Students have understood basics of financial analysis, knowledge of practically comparing financial results of different years and different companies. They have understood the importance of cash liquidity in an organization. To understand the computation of cash and fund flows under operating, investing and financing categories. They are able to evaluate the financial performance of entities through appropriate use of different ratios.
8	NA	M. Com.	201	Financial Analysis & Control	v		
8	NA	M. Com.	202	Industrial Economics	2019	<p>1. To provide the knowledge to the students about the basic issues of industrial economics.</p> <p>2. To make aware the students about the industrial profile of India and the industrial policy of government of India.</p>	Students acquired practical knowledge of the basic issues of industrial economics and are able to understand the industrial profile of India and the industrial policy of government of India

9	NA	M. Com.	203	Specialised Areas in Accounting	2019	<p>To understand the application of advanced specialized accounting practices in the field of modern business and profession</p> <p>2. To gain the knowledge on corporate restructuring which are essentially mean to attain greater market share, acquire additional brand and create new synergies</p> <p>3. To develop proficiency in new skills expected for future accountants in this changing business environment</p> <p>4. To acquaint with the amalgamation and reconstruction procedures of companies</p>	<p>Students are able to describe how contract accounting is used for performance evaluation and decision making. They are able to make distinction between Amalgamations in the nature of purchase and analyze the situation. They are able to solve problems relating Special areas in accounting including accounting for Services Sector required</p>
10	NA	M. Com.	204	Business Tax Assessment & Planning	2019	<p>1. To provide understanding of Direct Taxes including rules pertaining there to and their application to different business situations.</p> <p>2. To understand principles underlying the Goods and Service tax</p> <p>3. To understand basic concepts of Goods Service Tax and Customs Duty.</p>	<p>Students have understood the provision for computation of income of various entities and the provisions of returns, assessment and procedure of assessment. They have understood the need and importance of Tax Planning and Management as well as the Basic concept and framework under GST Act & Customs Act.</p>
11	NA	M. Com.	207	Application Cost Accounting	2019	<p>To explain the concept of integral and non-integral cost accounting.</p> <p>2. To study Product Life Cycle costing and Value Chain Analysis</p> <p>3. To understand the mechanism of Activity Based Cost Management</p> <p>4. To understand the utility of Cost Accounting data during transfer of product/services from one enterprise to the other either at national or at global level.</p>	<p>Students understood the integration of the financial and Cost Accounts, they developed understanding of PLC and VCA Concepts, the logic behind ABC technique. They are able to prepare cost formats under ABC & to compare such results with Traditional Overhead Accounting. They understood the importance of Transfer Pricing & Target Costing in the changing scenario.</p>

12	NA			Cost Control & Cost System	2019	To equip the students with knowledge and skill to design and implement cost control, cost reduction programme and different cost systems	Students are able to solve problems on Marginal Costing and Understand pricing mechanisms under a global competitive environment. They developed skills to differentiate between Cost Reduction and Cost Control techniques. They understood the process of installation of Costing System and understood the relationship between cost and productivity
		M. Com.	208				
13	NA			Business Finance	2020	1. To acquaint the students with corporate finance required for Indian Industries. 2. To make the students aware about the latest developments in the field of corporate finance. 3. To enable the students to understand the traditional theories of capitalization and dividend distribution practices. 4. To give detail exposure of working capital management practice of finance to students Skills to be developed:	Students have understood Concept of Business Finance, strategic financial planning and corporate securities and sources of long term finance. They have understood the concepts of short term finance and working capital
		M. Com.	301				
14	NA			Research Methodology for Business	2020	a. To acquaint the students with the areas of Business Research Activities b. To enhance capabilities of students to conduct the research in the field of business and social sciences c. To enable students in developing the most appropriate methodology for their research studies d. To make them familiar with the art of using different research methods and techniques	Students shall be able to analyse an event or process or phenomenon to identify the cause and effects, to develop new scientific tools, concepts and theories to solve and understand scientific and nonscientific problems they also shall be able to find solutions to scientific, nonscientific and social problems and shall be able to overcome or solve the problems occurring in our everyday life.
		M. Com.	302				

15	NA			Advanced Auditing	2020	<p>To enable the students to acquire knowledge of Auditing.</p> <p>2. To Make appropriate application and uses of Auditing.</p>	<p>Students understood the various auditing concepts, audit programme, vouching, verification and valuation. Role of Auditing and Assurance Standard and Auditing and Assurance Standard Board in India. They have understood audit of limited companies, concept of Audit Committee and Corporate Governance and Audit under Computerized Information System Environment</p>
16	NA	M. Com.	303	Specialized Auditing	2020	<p>1. To understand the concept, need, importance, utility of Auditing in special field.</p> <p>2. To develop the skills of students to face the modern world of Auditing.</p> <p>3. To create awareness among the students to face the modern world of Auditing.</p>	<p>Students have understood Audit under various Laws, internal Audit, Audit of Banks and co-operative societies, Audit of specialized units and Government system of Audit</p>
17	NA	M. Com.	304	Cost Auditing	2020	<p>1. To provide adequate knowledge to the students on Cost Audit Practices.</p> <p>2. To acquaint students to understand the role and responsibilities of Cost Auditor</p> <p>3. To familiarise the students how Cost Audit Report is prepared.</p>	<p>Students have acquired advanced knowledge in respect of Cost Auditor, Cost Audit, Cost Audit – Planning & Execution, Cost Audit Report and are able to solve Numerical Problems on Cost Audit</p>

18	NA			Management Audit	2020	<p>To acquaint the students with the knowledge of the techniques and methods of planning and execution of Management Audit.</p> <p>2. To familiarise the students with the knowledge of corporate image.</p> <p>3. To provide knowledge to students on operational audit.</p>	<p>Students have understood the Concept of Management Audit, they are able to Differentiate between Financial Audit & Management Audit and the relationship among different audits. They have understood the Preliminaries of Management Audit. Essentials of Management Audit and Program of Management Audit. Students understood CPM and PERT techniques</p>
19	NA	M. Com.	308	Capital Market & Financial Services	2020	<p>1. To acquaint the students with working of capital market.</p> <p>2. To make the students aware about the latest developments in the field of capital market in India.</p> <p>3. To enable the students to understand various transactions in stock exchanges and agencies involved in it.</p> <p>4. To give exposure of financial services offered by various agencies and financial adviser to students.</p>	<p>Students are able to understand the concept of Capital Market and Financial Services</p>
20	NA	M. Com.	402	Industrial Economic Environment	2020	<p>1. To provide knowledge about basic issues in Industrial Economic Environment to students.</p> <p>2. To make students aware about Industrial pattern and growth in India and Industrial policies of India since independence.</p> <p>3. To study the progress and current problems of major industries in India.</p>	<p>Students have acquired practical knowledge of the basic concepts of Industrial Finance, the effects of New Economic Policy, Economic Development & the Labour reforms on Industries</p>

21	NA	M. Com.	403	Recent Advances in Accounting, Taxation & Auditing	2020	<ol style="list-style-type: none"> 1. To enable the students to be abreast with the latest advances in the field of Accounting. 2. To acquaint students with the latest trends of accounting adopted by large and small entities worldwide. 3. To enable students to realize the need for upgradation of technology based accounting skills. 	Students are able to understand and interpret various topics suggested and Areas covering recent developments in the subject.
22	NA	M. Com.	404	Project Work	2020	<ol style="list-style-type: none"> 1. To develop research attitude in the minds of students. 2. To enrich the ability of research work among students. 	Students are able to apply theoretical knowledge to practical business situations and prepare a project report relevant to their topic or problem, after analyzing the same methodologically, making intelligent observations and offering practical suggestions.
23	NA	M. Com.	407	Recent Advances in Cost Auditing & Cost System	2020	<ol style="list-style-type: none"> 1. To aware students with the recent trends in Cost Accounting and Cost Systems. 2. To acquaint students with Standards and applications Of Cost Accounting 3. To familiarise students with GST and Productive Audit. 4. To acquaint students with recent trends in Cost Accounting. 	Students have acquired the knowledge in respect of drafts and Amendments of the provisions of CASs, Basic Excise Audit, VAT Audit & Productive Audit, ERP and Six sigma.
24	NA	M. Com.	408	Project Work	2020	<ol style="list-style-type: none"> 1. To develop research attitude in the minds of students. 2. To enrich the ability of research work among students. 	Students are able to apply theoretical knowledge to practical business situations and prepare a project report relevant to their topic or problem, after analyzing the same methodologically, making intelligent observations and offering practical suggestions.
