Dear Esteemed Industry Leaders and Distinguished Academicians,

We are delighted to announce our upcoming third international conference, dedicated to the vital theme of “Innovations for Inclusive Growth, Development, and Sustainability."

The international conference aims to bring together researchers, practitioners, policymakers, and industry experts to share innovative solutions and cutting-edge research on inclusive growth, development, and sustainability. The theme "Innovations for Inclusive Growth, Development, and Sustainability" recognizes the urgent need for innovative solutions to address the complex challenges facing our world today. The conference will explore the role of innovation in driving economic growth, social development, and environmental sustainability, with a focus on inclusive and equitable approaches that benefit all segments of society.

Last date of registration and submission of full paper is 20<sup>th</sup> December, 2025  
Under the broad title of the conference theme “Innovations for Inclusive Growth, Development, and Sustainability," we invite researched papers on the following areas:-

Economics , Banking & Finance	Healthcare , Science & technology , Education, Languages etc...	Green Businesses , Sustainability, Green Energy
Innovation in IT Sector , Data Science & Machine Learning etc...	Manufacturing , Automobile & Transportation	Inclusive Innovation for Sustainable Economic & Social Transformation (A Multidisciplinary Approach for a Better Future)
Supply Chain Management & Logistic & Delivery	Entrepreneurship, Social science , Small &Medium Scale Business	Many more similar themes

The subthemes mentioned below are only indicative and others may also submit papers on different relevant and contemporary topics related to the International Conference theme.

◆ **Subtheme 1: Inclusive Economic and Financial Innovation**

- Digital Banking and Financial Inclusion
- FinTech for underserved communities
