## Use of ICT in Teaching

Information and Communication Technology (ICT) plays a crucial role in enhancing the teaching-learning process. It helps create an interactive and accessible learning environment for students. As part of integrating ICT in my teaching practice, I have created Google Classrooms for different classes and divisions.

The **Google Classroom Codes** are as follows:

- **F.Y.B.Com Division A** –
- **F.Y.B.Com Division B** –
- **F.Y.B.Com Division C** –
- **T.Y.B.Com Division B** –
- **T.Y.B.Com Division E** –
- 

Additionally, photos related to classroom activities and ICT usage have been uploaded. This step is aimed at promoting effective communication, seamless assignment submissions, and enhanced student engagement.

The image shows two side-by-side screenshots of a Google Classroom interface for T.Y.B.Com Division B, managed by Vibhav Kadam.

Dear Students,  
Find attached the Sem II - Internal Exam Mark list.

Those who have still not submitted the assignment will have to meet me in the respective lecture hall next week during the respective class timing and get your penalty test scheduled. As you know, no late submissions would be allowed without taking the penalty test and scoring min 6 marks out of 10.

Regards,  
Dr. Archana Joshi
